

Church of Christ was established in this nation in the early sixties. I became a Christian in the early seventies. Reaching the whole nation with the good news of Jesus is my vision. For this to happen more workers were needed. A preacher school was started in the mid-eighties. The second preacher school was started in central India 2 years ago.

So far 1719 students graduated. 97% of them were successful establishing the church. Some of them are preaching for

multiple churches. Preachers from Myanmar, Nepal, Bangladesh and India participated in the International preacher's meeting on the 13th January

Workers encouraged each other with the good news of church growth. Bibles, Bible lessons and communion trays with cups were distributed to workers.

From the 31st December till today 312 souls saved.

The faithfulness of the brethren is encouraging. Bipin who was a believer in multi Gods married one of the church member. He was baptized by the encouragement and good example of his wife.

Son and daughter of Sugan & Suni good song leaders

3 water wells drilled. People so thankful for the clean water.

In the children's Bible class one boy memorized 600 verses.

Kids in the orphanages are happy for the gift during the holiday season.

55 sewing machines were distributed to poor people. 40 of those donated by Bro. Joel and Sister Heather Plake.

A sewing school was started on the 26th January at Sathiavedu

1000 flood affected people received rice packets and clothes.

Long line to receive the relief items.

Ironing carts were distributed to the poor ladies

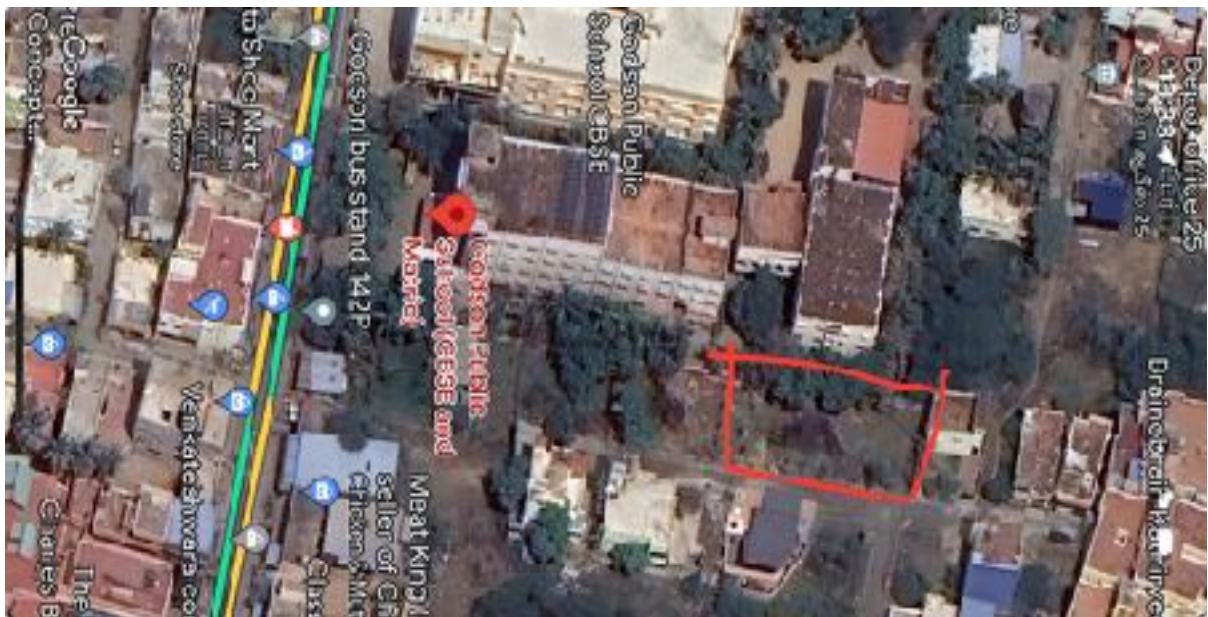

The motto of the Godson school is Education-Equality and Eternal Life. Because of the blessings of God and hard work of

the staff the school provides quality education. 4000 Kids currently enrolled. No room for new enrolment now and many seekers for admission.

Very urgently more land to be bought and classrooms to be

built. Now a lot is available for sale adjacent to the school property. Earnestly praying for donors. If you are interested in helping please email. Paul.renganathan@gmail.com
